

The **Geniušas Duo** — **Anna Geniushene** and **Lukas Geniušas** — is one of today's most exciting piano duos, offering a rare combination of artistic excellence, personal synergy, and visionary programming. They are **the only married piano duo where both partners have achieved top prizes at the world's most prestigious piano competitions**, including the **Chopin, Tchaikovsky, Van Cliburn, Leeds,** and **Busoni** competitions.

After fifteen years of joint performances alongside flourishing solo careers, Lukas and Anna now formally unveil their shared identity as the Geniušas Duo — a powerful, unified artistic force. **Positioned as a symbolic "binary star system,"** they bring together two brilliant solo voices into one dynamic musical vision, where both artists shine equally.

**Advocates for rare and thrilling orchestral repertoire**, the Geniušas Duo actively champions underrepresented works for two pianos and orchestra, including masterworks by **Bartók, Poulenc, Martinů,** and **McPhee** — opening bold new programming opportunities for orchestras and festivals worldwide.

**Lukas Geniušas**, a Russian-Lithuanian pianist celebrated for his "brilliance and maturity" (*The Guardian*), is a laureate of the **2015 Tchaikovsky Competition** and the **2010 International Chopin Competition**. His versatile repertoire and acclaimed discography span from Baroque to contemporary music, reflecting a deep artistic curiosity.

**Anna Geniushene**, internationally acclaimed for her "powerhouse sound, forceful musical personality, and sheer virtuosity" (*Musical America*), won the **Silver Medal at the 2022 Van Cliburn International Piano Competition**. She has performed at major venues such as the **Kennedy Center, Wiener Konzerthaus,** and **Tonhalle Zurich**, collaborating with leading orchestras and conductors.

Their partnership is defined by a **singular artistic synergy**: a unique, instinctive musical dialogue rooted in profound personal and artistic connection. Lukas brings masterful structural clarity; Anna embodies the music's living pulse — together creating interpretations that are inventive, nuanced, and organically alive.

*"What an art of music and the piano, with a relationship to the keyboard that is totally invested in intensity and suppleness, from which all harshness is banished, the instrument releasing all its unsuspected breadth and power!"*
